ENGINEERING COLLEGES (UGC,PGC,DIPLOMA)

APPLY.COM

HOMEPAGE FOR "APPLY.COM"

OVERVIEW

This Website Is basically to help students to apply for the engineering colleges best for their own selves.

I have mentioned all the IIT's NIT's and private colleges for the admission. Students can apply to top NIT's and IIT's based on their JEE main or JEE advance scores. If needed I would add a section for Jee score also so that students may find it easy if they would be eligible for the government colleges.

There is each section of Undergraduate , Postgraduate and Diploma Courses, whatever they want to apply for.
